

PhD in Materials Chemistry

Chemistry of Optic, Electric and Magnetic Functional Materials

2019 Edition

Joint PhD program of three major Portuguese Universities
Recognized of excellence by FCT

LISBOA

PORTO

COIMBRA

MAIN AREAS

Multiferroics | Nanomagnets | Magnetic conductors | Thermoelectrics | Mixed ionic-electronic conductors | Switchable materials | Light responsive materials | Lighting and displays | Materials for photovoltaics | Optical imaging and diagnostic nanomaterials | Optical, electric and magnetic sensor materials

Applications open until May 3rd 2019

<http://chemmat.tecnico.ulisboa.pt>

A limited number of PhD grants are available

CONTACTS

ChemMat, Instituto Superior Técnico
Av. Rovisco Pais 1, 1049-001 Lisboa
